By completing the on-line registration form, you are stating that your company is not a physician-owned practice, as outlined by the APTA as follows:

APTA is opposed, as a matter of health care policy, to arrangements under which sources of referral (including physicians) stand to profit from referring patients for physical therapy. The policy, adopted by the APTA House of Delegates, states: "The American Physical Therapy Association opposes participation in services that is in any way linked to the financial gain of the

referral source.” Because of this policy, APTA does not accept exhibit or sponsorship applications from companies whereas any physician has a financial interest in the practice and refers patients to an employed physical therapist or to a physical therapist who supervises an employed physical therapist assistant. APTA South Carolina also adheres to this same policy.

ADDITIONAL TERMS AND CONDITIONS required by the conference facility may apply and will be provided with your confirmation materials.

***Conference attendees have the option to opt-out of receiving electronic materials from conference recruiters and vendors.*
